### PROJECTS

---

#### Yea-or-nay

*node.js / angular / javascript / postgresql*  
A mobile friendly voting app. Get a quick consensus by creating a new vote or joining a vote in progress.

#### Mustache-eo

*ruby / ruby on rails / bootstrap*  
A collection of the different types of mustaches and the great men that have worn an upper lip brow.

#### ShakeRacer

*express.js / angularJS / socket.io / node.js*  
A multiplayer racing game for iPhones. Players shake their phone to advance their position on the leaderboard.
